Soybean STEAM education course

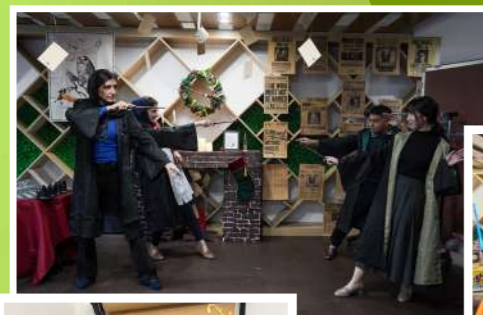

Our students participated in the soybean STEAM education course of the social enterprise "Soyvestors" founded by Professor Lam Hon-ming, Professor of Life Sciences at the Chinese University of Hong Kong. Through different experiential activities with cross-curricular knowledges to allow students to understand the world issues, and broaden our students' horizons.

ENG English Week: JUST ENGLISH

Our English Week 'JUS6T ENGLISH' strive to enrich the language learning experiences of our students outside of the classroom through English-rich activities.

HW Reading committee

We focus on promoting reading for pleasure through our schoolwide reading promotion strategy to broaden students' reading exposure and nurture their reading interests and habits.

DHW Arts Week organised a series of remarkable activities for our students and teachers to showcase and foster their creativity and imagination.

DHW Arts Week

Welcoming Indonesian Students to Delia HW!

We had the pleasure of holding an exchange program with a group of talented Indonesian students from Al Mazaya Islamic School, to celebrate the beauty of cultural diversity.

United together for a brighter future Exchange Visit between Kecheng College Middle School of Quzhou and Delia Memorial School (Hip Wo)

Our students were invited to Quzhou to experience a 4-day and 3-night exchange program. Students took the opportunities to exchange learning experiences and promote Hong Kong culture.

Secondary School Experience Day

Our school had the pleasure of hosting an exhilarating experience day for primary students. This event provided them with a taste of holistic education at DHW, where students can develop their creative, linguistic, STEAM, and physical abilities in a positive and enjoyable environment. We hope everyone had a "funtastic" learning experience in DHW!
